The carnival is the third to be undertaken by the Didsbury merchants, and since many may not be aware of the various rules and regulations, we publish them below:

A ticket will be given for each dollar's cash purchase or service rendered during the Shopping Car-

nival.

Not more than 100 tickets will be given on any one purchase.

Advertisers and their families are not eligible to win prizes.

Lucky ticket holders do not need to be present at the drawing to win.

Prizes must be claimed within two weeks of the draw.

Tickets for the prizes will be given away by the business firms who are advertising in the Shopping Carnival filler.

Ballot box closes at 9 p.m. and draw will take place at the Lions' hall on Saturday night, Nov. 4.

There will be five big prizes to be drawn for at the close of the shopping carnival. First is a chest of silverware valued at \$100.00.

Second is a cedar chest valued at \$68.50. Third is an electric blanket valued at \$12.00. Fourth is an automatic electric toaster valued at \$20.75. Fifth is two books of tickets on the Legion car, valued at \$2.00.

At a meeting of some fifty members of the Carstairs Home and School Association, presided over by the Rev. A.F. Irving, Miss Winnifred Owens was presented with the Dr. Kirby Grade IX scholarship by Inspector X. P. Crispo.

The Dr. Kirby scholarship is donated annually by the Alberta Federation of School and Home to the pupil who in one or two-room schools of the province obtains the highest marks in grade IX departmental examination.

Mr. Wm. Davies and Mr. J. Robertson, chairman and vice-chairman of the Olds School Division, in their congratulatory remarks stated that this was the fourth consecutive year that pupils of the Olds School Division had won the award.

Over Half of Crop Still To Be Threshed

The weather vane points to winter regardless of crops to be threshed and feed to be stacked on local farms. More snow fell last week and while warmer weather is expected Sunday, another light fall of snow fell on Monday.

Chinook winds blew Tuesday, and the most of the snow disappeared, but the only salvation is a continuance of warm weather throughout the month of November.

About half the crop remains to be threshed in the Didsbury district and very few machines have worked for the past four weeks.

The weather has just been miserable—not too cold and not too hot in the ground, but it just doesn't seem to be able to warm up. However, all we can do is hope for the best.

FRACTURES SKULL WHEN STRUCK BY TRUCK CRANK

Cardag Davies of Garfield left the hospital Tuesday following an accident about two weeks ago when the crank handle of his truck struck him on the face and head and left hand, fracturing his skull and hand. He was attended by Dr. McKenney and his recovery was sufficient to allow him to go home this week.

A well attended and enthusiastic meeting of the Didsbury Ladies' Curling Club was held in the arena on October 11 and the following officers were elected for the ensuing year:

President, Mrs. Gladys Waugh; Vice-President, Mrs. Daisy McCoy; Secretary, Mrs. Edie Wood; Treasurer, Miss Janet Block.

Mrs. G. Waugh and Mrs. Daisy McCoy were chosen to attend the Southern Alberta Curling Association meeting in Calgary on October 17, accompanied by Mrs. Rita Gillie who is one of the executive members of the Southern Alberta Ladies' Curling Association.

All ladies who are interested in curling this year are asked to leave their name at the Sunrise Coffee Shop by November 15. This is important as the club would like to know the number of rinks available. Beginners are most welcome to join the club.

SECOND MEETING OF THE LONE PINE ORIOLES

The October meeting of the Lone Pine Orioles was held at the home of the president, Joy Ellen Smith, on November 13, with Beverly Thompson joining as a new member.

Didsbury Mayor Surveys Effects Of The County Act

In the September issue of the "Western Municipal News" the mayor of Didsbury, H. Lynch, states and analyzes the County Act, giving his opinion of the possible good or bad effects of this piece of legislation.

Introducing his subject he states that an essential of a democratic government is a strong local government. He divides responsibility into (a) real responsibility involving policy making decisions; (b) financial responsibility in determining the way in which revenue will be secured and the collection of revenues; (c) administrative responsibility which must carry out policies.

Under the present system there are several bodies functioning in local government. There is the municipal council which must collect taxes including money to be spent by requisitioning bodies and must carry on such services as public works, policing, fire protection and relief of various kinds. These bodies (education and health) are in effect giving fire mortgages on the money raised by taxing bodies. After requisitions are met, the council must pare down estimates or raise mill rate. If a municipality wishes to raise money by issuing debentures, a two-third majority vote must be obtained, while a school division may borrow without a vote unless a counter petition is presented.

I submit that many council functions are as important as health and education. Van routes depend on good roads, so does movement to hospital. Health too, demands sanitation and garbage disposal. Where would we be without police protection? There is danger of community development becoming lopsided, owing to too much tax money being diverted to some services at the expense of others.

(2) Administrative bodies without financial responsibility reflect too greatly the character of individual members—from non-progressive to the reckless spenders. The

Marlin Winthar Named Olds Liberal Candidate

Marlin Winthar, 57-year-old farmer from the Huxley district, won the Liberal nomination for the Olds bye-election at the Olds Legion hall Wednesday afternoon, October 18.

Mr. Winthar won an overwhelming majority over the three other candidates: Edward Miller, Alex Weir and R.A. McKinnon, all of Olds.

The meeting was attended by 41 delegates, one delegate to a poll, who gathered to choose a candidate to represent them in the Nov. 16 bye-election for the seat left vacant by the death of Norman Cook, Social Credit Government supporter recently nominated Fred Nidrie of Mound.

Other parties have not indicated officially yet whether they will run, but it is not expected that either C.C.F. or Progressive Conservatives will enter a candidate.

The Liberal Candidate was born in Denmark, came to Canada in 1916 and settling in the Huxley district two years later. With his wife and four children he operates a large farm about four miles south of Huxley. Mr. Winthar was a former member of the Ghost Pine Municipal Council and for the past six years has been a member of the Stetler Division School Board.

WHY WE NEED THE NEW SCHOOLS

The School Board is planning on putting in modern classrooms in the high school, but to do so some of the space in the basement at present used for class rooms must be taken out for the installations.

What to do with the pupils that will be displaced by the wash rooms is a real problem. I think we will all agree that our schools should have modern plumbing installed. It is simply a matter of this day and age, but to provide room for it more class room accommodation must be found.

The logical way to solve this problem is to support the by-law for the construction of the new schools—Contributed.

**DIDSBURY MAYOR SURVEYS
EFFECTS OF COUNTY ACT**
(Continued from Page 1)

best balance wheel on any board is financial responsibility, and the ability of the taxpayer to pay should be measured before any program is mapped out, with money allotted in just proportions.

(3) Boards with no financial responsibility are subjected to too much pressure from outside groups, and are inclined to yield to these pressures.

THE COUNTY ACT

The County Act was passed to correct some of the weaknesses in the present system.

Under the Act the council of the county will have complete government responsibility in major decisions affecting municipality, school board and hospital; (2) It will have complete financial responsibility for raising all moneys required; (3) It will have complete administrative responsibility because it must approve the policies of municipal, educational and hospital committees. It will be able to treat all social services as being on the same basis of value to the public, or in the alternative will be able to use tax moneys in the best interests of the people as a whole. It will be in a position to determine first the ability of the taxpayer to pay.

OBJECTIONABLE FEATURES

Certain features of the bill as drafted appear to be objectionable. (1) Objection is taken to the

provision that a vote is not taken till the plan has operated for four years, making reversion difficult. However, it will not be inaugurated in any area unless elected representatives ask for it. It would appear that if an area is willing to try the scheme no harm would be done, and possibly the scheme would prove good, with others following the example.

(2) The Act provides for committees to appoint other members to respective committees with power of elected members. This may make the machine too unwieldy and not directly responsible enough to the people. Appointed members may tend to become more permanent than elected members, which is not democratic. I suggest instead of adding to committees in this way, experts in certain lines be employed as necessary but without voice in dictating policies. Road engineer, educational supervisor, business manager for hospitals, are suggestions.

(3) The County Act provides that appointment to various committees be made from the elected council. But each committee must estimate its needs and submit them to the council as a whole for approval. When a candidate is elected to council he does not know what committee he may serve on. It does not follow that a man experienced in municipal matters would necessarily be a good school board or hospital member. We have been used to supporting candidates for their qual-

Letter To The Editor

Dear Sir:—

The Salvation Army is greatly indebted to the Didsbury Lions Club for their sponsorship of the recent Red Shield Appeal which was conducted by a committee of volunteer workers, under the chairmanship of Mr. W.H. Payne. Thanks is expressed to the public for the generous contributions, also to Mr. A.W. Reiber and Mr. K.G. Thring for their generous services and support which contributed greatly to the success of the Appeal.

The work of the Salvation Army in Alberta embraces nine institutions providing shelter and care to needy persons, from babyhood to old age. This practical work is made possible through the generous co-operation of friends, and the Didsbury income will provide direct material aid to the less fortunate who make application to our Organization for assistance and care, and who enter its institutions from rural areas and communities.

Yours sincerely,

JOHN STEELE

Major

lication for these special offices. Under our present system, if people disapprove of school, hospital or municipal members they can replace them. But under the County Act the only effective way would be to replace all members of the council because they have no assurance that an elected member will be on the committee needing reform. Thus good municipal timber may be turned out as a protest against educational committee or vice versa.

I would suggest that members of the three main committees be elected as members of these committees. The public can nominate to the municipal committee, the educational committee and the hospital committee, choosing persons well fitted.

**Old Prairie Schooner
Is Creaking Westward**

The following episode appeared recently in the Calgary Albertan, and was written by a Vernon, B.C. resident:

The last of the prairie schooners is creaking slowly toward the west coast, on the last lap of a hard, long trek, over the burning western plains and the long, rugged heights of the Rockies.

Up under the soiled canvas sit a grained old man and a young boy. In front of them plod Queen and Doll, drawing the 50-year-old McCormick wagon.

The grain was just beginning to peep through the earth at Melfort, Sask., when Frank Muss, almost blind and partially crippled, decided to come to British Columbia, where most of his 10 children now live.

So he hitched his two horses to the old prairie schooner, sat his son, Bob, in the seat beside him and his grandson, Gerry, in the bed in the wagon, told his wife he'd send her from the coast and said "good-bye."

The grain was high when they reached Medicine Hat, Alta. As they moved into the foothills of the Rockies, it was golden. Maybe before the snow flies the schooner will reach the end of the road west.

They averaged 25 miles a day. "We just keep a peckin' along," Frank Muss said, "just a peckin' along."

Here in Vernon, near the north end of the Okanagan Valley, the apples are red and they have stopped a few days to earn a few dollars to buy food for themselves and feed for Queen and Doll.

Young Gerry has left the team. His parents, Mr. and Mrs. Bob Allison of Vancouver, decided 1,000 miles was enough trekking for a four-year-old and removed him temporarily from grandfather.

"He was a grand little traveler," said Muss. "Never complained. Got a touch of the chicken pox after a storm soured us near Regina, but he shook it off."

Muss built a step on the front of the prairie schooner and the kids frequently jumped off and ran alongside the horses looking for beer bottles in the ditches.

Beer bottles paid for \$50 of the \$150 cost of trek from Melfort to Vernon. A good deal of this was used for four sets of shoes for the horses.

Some days Bobbie takes time off to go fishing. "It's been a good thing for Bobbie," Muss said. "He'll remember, you know. And when a man gets to the stage I'm in there is not much more for him in life than giving the kids things to remember."

M.V.B.C. NEWS

In anticipation of the Fall Re-
vival Meetings which will begin
on November 1 and continue on
through November 12, the College
in conjunction with the U.M.C.
will hold extra services. On
Thursday evening, October 26 at
the College Chapel at 7.30, and at
the U.M.C. on Friday at 8.00 p.m.
On Sunday, October 22, Messrs.
Richardson and Wilson, instructors
of music, assisted by Rev. W. D.
Annett, at the services at Moun-
tain View Hall, east of town, good
services were reported.

Messrs. Nell Neufeld, Myron
Tweed and William Cox, accom-
panied by Mrs. Paul Lemon and
Miss Dorothy Crosby, motored to
the Condo district and held ser-
vices at Condo and Withrow.
While in the district they visited
Mr. and Mrs. Charles Read at
Leslieville.

We regret very much the fact
that the Revs. are unable to
come back to resume their school
work as they had planned to do.

Messrs. J. F. Wilson and G. L.
Richardson, music instructors of
Mountain View Bible College, are
continuing their education in the
field of music by taking three
hours weekly of advanced Theory
from Prof. Binning at Mt. Royal
College in Calgary.

A number of our instructors are
planning to attend the Ministers'
Conference to be held in Edmonton
at the United Missionary Church
where Rev. and Mrs. C. J. Hallman
are ministering. The convention is
to be held October 24, 25, 26.

The College was favored last
week by having Rev. Virgil Pol-
lock, an alumnus of this school and
a missionary to Nigeria now on
furlough, speak in chapel.

Miss Wimer of the China Inland
Mission, also on extended furlough,
gave us a very enlightening ad-
dress on China's present status as
regards to missionary effort.

Mr. Whipple, also from the C.I.
M., visited the College.

M.V.B.C. will be host to the
Youth Fellowship Rally which is
to be held at Didsbury on Novem-
ber 4 and 5. On Saturday after-
noon there will be a period of
recreation and getting acquainted,
followed by a business meeting.

In the evening at the United
Missionary Church colored motion
pictures will be shown of the Youth
For Christ European invasion. This
will be in charge of Messrs. Waldin
and Richardson, the representa-
tives of Western Canada Youth For
Christ. Miss Grethe Andersen, a
student from Denmark, will also
address the meeting.

On Sunday morning the service
at the U.M.C. will be in charge of
Mrs. Vera Forrest of Victoria, B.C.
and Rev. Albert Habermehl of
Redwater, Alberta.

The last service of the Rally will
be addressed by the Rev. Mardoeh
from Greenleaf, Idaho, on Sunday
afternoon.

The Saturday evening and Sun-
day services are open to the pub-
lic. Come and join us.

Mountain View Bible College ap-
preciates very much the beef ring
of the Canadian North West Con-
ference of the United Missionary
Church. This system of providing
fresh meat at regular intervals was
inaugurated in the fall of 1948 to
supply the Camp Meeting, the Gull
Lake Camp and the College. The
idea was first brought forward by
Mr. Abe Dyck. Then under his
chairmanship a committee was
formed with two others, Mr. Lynn
Hunsperger and Mr. J. T. Hoskins.
They then drew up a chart with
six blanks for each year to be
filled with one or more beeves in
the year or succeeding years. Five
blocks are still vacant in the chart,
for which we are asking some of
our good farmers to fill with a
beef or more.

Since its beginning 14 beeves
have been supplied. Thirty-one
farmers have promised each to
furnish a beef sometime during
the period from October 1948 to
the spring of 1953.

The staff and students also say
a hearty thank you for the addi-
tional meats, such as pork and
fowl, that have come in. The kit-
chen larder at this time could use
very profitably a donation of
chicken.

UNITED CHURCH
Rev. C. C. Armstrong, minister
"So Great a Cloud" will be the
theme of service this coming Sun-
day.

We would like to draw your at-
tention to a Christian Education
Convention to be held in Calgary
November 3 and 4. All teachers
and leaders in church work are
asked to contact the minister. The
theme is the same as that of the
World's Convention held last sum-
mer, "Jesus Christ, Teacher and
Lord."
